

FATHOM LAYER VISUAL IDENTITY SYSTEM™ v1.0

Brand Essence

Fathom Layer is a premium technology platform focused on depth, engineering, curation and intelligent infrastructure.

Core Philosophy

Depth before noise. Engineering before marketing. Knowledge before opinion.

Visual DNA

Minimal, architectural, industrial, editorial, timeless, precise, balanced.

Materials

Brushed titanium, anodized aluminum, dark ceramic, matte carbon fiber, optical glass, smoked crystal.

Lighting

Dark environments, subtle volumetric blue lighting, premium studio reflections, controlled bloom.

Palette

Deep Space Black #05070B, Near Black #0A0D12, Graphite #171B22, Electric Blue #2E6BFF, Ice Blue #76B9FF, Cyan #43D5FF, Titanium White #F4F6F9.

Composition

Swiss grid, architectural framing, generous negative space, one hero subject, multi-layer depth.

Never Use

Robots, humanoid AI, cyberpunk cities, fake interfaces, floating code, neon overload, generic AI art.

Master Render Specification

Ultra photorealistic CGI, PBR, ray tracing, global illumination, HDR, 8K quality, cinematic lighting, luxury industrial design, no logos, no text, no watermarks.
